

Dr. Szabolcs Péter MD, PhD

Dr. Péter is the Medical Director & Senior Science Fellow, Head of Clinical Operations at DSM Nutritional Products' Health, Nutrition and Care business group, based in Switzerland. He holds an MD and a PhD degree in general medicine and health sciences, respectively - both from Semmelweis University, Budapest. Following several scholarships in different countries and a postdoctoral fellowship in South Africa, he engaged in original drug development at Gedeon Richter Plc. in Hungary. Within DSM he is responsible for the clinical research and human nutrition science globally.
