member of Advisory committee of the WCCN

## Local Organizing Committee

**Ms Smita Shah**

## PROGRAM MESSAGE

Dear Colleagues,

On behalf of the Local Organizing Committee and the International College of Nutrition may I invite you to the 22th WCCN (2018, India). The WCCN came after 3 years to India, again. Here we intend to ensure pleasant, safe and inspiring atmosphere for discussing scientific as well as practical side of clinical nutrition from the research of tools of nutrition to the final use of the processed nutrients and foods developed by the food industry. This approach could be highly successful if scientists of academic agriculture, food industry and medicine work in collaboration. This event offers meeting point for participants coming from all over the world to meet old friends and make new friends.

We will facilitate discussions with invited lectures demonstrating the cutting edge of the specific topics.

We, the organizers are convinced that the combination of knowledge on healthy food, nutrition induced diseases and different treatment modalities will help in global health promotion and prevent problems like obesity, cardiometabolic syndrome and other chronic diseases.

I personally cordially invite all of you to join us in the WCCN 2018 meeting in India.

**Dr Banshi Saboo,MD,FICN**  
President of the Local Organizing Committee
